

Smart streaming for actuaries

About

Actuaries are well known globally for their expertise and major contributions in the financing, insurance, and risk management. It is, therefore, important for them to continuously learn and develop their knowledge further.

Our smart streaming platform for actuaries provides regularly updated content from speakers, partners and institutions from the international actuarial community which allows all users to be always up-to-date.

Facts & Figures

More than 13,000 actuaries already benefit from our services

actuvview offers **2,500+** exciting CPD videos online

60+ partners from the global actuarial community and financial industry

Benefits for you

-  As a member of the Society of Actuaries in Ireland, the use of actuvview is 100% free for you!
-  Registration is very simple. With the registration code received from your association, go to www.actuvview.com/signup and fill out the registration form.
-  Our most important feature: We document your CPD time and track which videos you have watched for at least 90%. And you can always download your track history as a certificate. Even more important: Society of Actuaries in Ireland recognizes this as formal CPD. Continuous education has never been so easy!
-  Our offer is huge! Choose from all actuarial topics and issues to meet your individual education needs. And find videos published by your own association:

Society of Actuaries in Ireland
